

DEDICATION

This book is dedicated to my Hispanic former little brother at the Broward Intensive Halfway House and to countless other juveniles who grew up without the love, nurture, and support of their fathers. Gentlemen, within the father son dyad, "WE can't fix it IF we can't face it, inconsequential to whatever it is." Therefore, upon your perusal of this workbook, I challenge each of you to fix your relationships with your wives, children, siblings, parents, and with each other. Lastly, may God incessantly bestow His copious blessings upon thee and thy seed for faithful obedience unto HIM!

Yours in Christ,

Anthony J. Robinson

PROLOGUE

Bonjour, monsieur! Comment allez vous aujourd 'hui? Est-ce que vous comprenez la francais? Maintenant, j'ai faim et j'ai soif. Je vais acheter du poisson, du pain, du fromage, du thé, un peu de vin, et des haricots verts ausupermaché. Voulez vous manger avec moi?

How good is your French? IF you speak even basic French, then you easily can translate this simple passage. However, IF you do not understand French at all, then this passage is *incomprehensible!* Is it not? That is not tantamount to any accusation of your being retarded, obtuse, or dumb. It merely means that you, like millions of Americans, do not understand the French words in front of you. Similarly, millions of Americans will not understand the English words presented on **VICE's** website or in this workbook. How is that possible, if the words are in English? Albeit the words are in English, the ethical principles or moral standards conveyed by these words are *incomprehensible* to those of us who are not *spiritually enlightened!* That is not tantamount to any accusation of your being retarded, obtuse, or dumb. It merely means that you, like millions of Americans, have not sufficiently studied the HOLY BIBLE, Torah, Koran, Tripitaka, etc., in order to receive your spiritual sight. Why? Those of you born after **1984** grew up in a nation wherein “In God We Trust” has become a mere creed on the money upon which it is printed. In the context of Biblically correct morals, the United States of America has stricken an iceberg and the “**Titanic**” has begun to sink. According to the Bible, it won’t be water, but fire the next time God’s wrath destroys the Earth. Thus, as a Christian fraternity and ministry of sexual healing, **VICE** confronts the myriad A’s and F’s on our nation’s moral report card forthwith. Why? In the context of building secure, stable, and blessed families, we believe that America’s youths are floundering in the dark, in part, because parents and teachers cower from intelligent discussions of Biblically correct standards for human sexuality. Actually, such floundering or spiritual blindness is “*normal*” for a nation that forbids Her citizenry from collectively reading the Bible, reciting the Scriptures, or praying in school. Is it not? In a nation wherein “In God We Trust” has become a mere creed on the money upon which it is printed, does it surprise anyone that date rape, incest, fornication, lesbianism, homosexuality, bend over boyfriend, adultery, and even pedophilia are “*normal*” to many spiritually blind Americans? Lamentably, countless pastors and priests alike in the United States are as guilty as prostitutes and pimps of these sexual vices. Thus, in an attempt to conform to political correctness, the Church has lost its savor. However, Heaven’s Head Coach admonishes each of us not to be conformed to this world in which we now live. Instead, the Holy Bible admonishes us to be

transformed by the renewing of our minds. In this Age of a Great Falling Away, our website and workbook are fully committed to doing just that. In this Age of Hedonism, **VICE's** modus operandi is that adolescents and adults alike will become spiritually enlightened regarding the virtue and the vice of human sexuality. Why? WE can't fix it IF we can't face it. IF ye are the salt of the Earth, then the savor of Spiritual Salt is characterized by irreproachable integrity, rectitude, intelligence, wisdom, and spiritual enlightenment. Antithetically, Satanic salt savagely marginalizes, maligns, molests, and murders innocent people just for the thrill of scoring yet another touchdown for Hell's Head Coach. For example, if you were flying from Florida to meet the Messiah in Seattle and inadvertently were about to board the wrong connecting flight, a miscreant gladly would give you incorrect information and laugh behind your back – knowing that plane was headed to Los Angeles instead of to Seattle. This is precisely how both peers and adults seduce many naïve teenagers into making poor choices about sexuality, drugs, etc., during puberty. Throughout life, everyone will be confronted with moral choices between good and evil. Without a moral compass, i.e. Bible, Koran, etc., millions of spiritually blind Americans will board the wrong plane and end up in Las Vegas, Los Angeles, or a destination other than Seattle. Juxtaposed against walking in darkness, Jesus Christ opened blinded eyes in order that mankind could receive both the physical and spiritual sight necessary for salvation. Yet, were not many of the Messiah's miracles *incomprehensible* to erudite scribes and Pharisees who witnessed them? Today, is it not "*normal*" for spiritually blind preachers, priests, and pastors alike to crucify Christ afresh via proffering parishioners politically correct, yet, *counterfeit* Christian doctrine? Assuredly, in a nation wherein "In God We Trust" has become a mere creed on the money upon which it is printed, more often than not, Hell's Head Coach will block, tackle, clip and run spiritually enlightened Christians out of bounds. Thus, like the Pharisees during Jesus' day, millions of Hellions, hypocrites, heathens, and heretics now cry out, "*Crucify Him! Crucify Him!*" in resentment of any sagacious Disciple bearing Biblically correct Messianic truths. Instead of finding no fault in Him who has no sin, would we Americans also rather exonerate Barabbas and end up in a lake of fire rather than in Seattle? I rest my case!

Beyond sexual vices, another moral issue confronting the USA in this Age of a Great Falling Away is that of the **Iraq War**. In retrospect, one could argue that the United States' unrelenting war crimes in Iraq, Gitmo, et. al., rival those of German **Nazi** concentration camps in World War II. For example, in 1933, German President Paul von Hindenburg passed a law that vacated individual rights, thus allowing the **Nazis** to jail anyone considered an "enemy of the state" without due process or any trials. Similarly in 2003, President

Bush ordered the invasion of Iraq, which resulted in indefinite detention, water boarding, torture, and murder of “*suspected*” terrorists without any trials. For political expediency, the Bush Administration 1) vacated **habeas corpus**, 2) denied captives any contact with relatives, 3) denied captives access to attorneys or legal representation, 4) created spurious “justification” for US troops indefinitely holding civilians without their being charged with any crimes, 5) denied the UN or the **International Red Cross** access to Guantanamo Bay, black prisons, or other facilities where these captives were being mistreated, and 6) boldly committed **crimes against humanity** via savagely raping, torturing, and murdering Iraqi’s merely “*suspected*” of having ties to terrorist organizations. Déjà vu? Is this what the **American flag** now symbolizes? During World War II, in addition to Hitler’s death camps, countless civilian detainees, i.e. men, women, and young children, also perished at the hands of **Nazi** starvation, torture, neglect, medical experiments, and **genocide**. The rest, as they say, is history. Are not we Americans covertly doing the same thing in Iraq? Déjà vu? Ironically, the egregiousness of Hitler’s savage war crimes precipitated the allied international community’s adoption of the United Nations Charter, Geneva Conventions, etc. However, less than a century later, President George W. Bush decided that the United States does not have to abide by these international laws! Ergo, despite Adolph Hitler’s evil and powerful Third Reich, is not the United States’ military industrial complex an even more powerful and more pernicious terrorist organization? Upon watching **VICE’s** Movie of the Month, “**The Iraq War: Legal or Illegal?**”, incredulous, ignorant, or spiritually blind Americans may receive your sight and may change your minds.

IF a tree fell in the forest and nobody was present, then did it make a sound? Stated differently, IF US troops have murdered and displaced over **17,000,000** unarmed Iraqi civilians and no American television station or journalist has dared to report such carnage, then did it really happen? Did the Holocaust really happen to **6,000,000** Jews? I rest my case! IF wealthy institutional and individual investors in Germany, the United States, Great Britain, Italy, et. al., are able to operate in total secrecy via hidden treuhands, then will the ill-gotten gain from Iraq’s oil make them *filthy* rich? Is such militaristic avarice ever hidden from God or will innocent blood be upon their *filthy* hands on Judgment Day? Because of our military’s irrefutable *savagery* toward Muslim men, women, and young children, is it morally incomprehensible to US troops that these war crimes already have sealed their fate in the lake of fire? War is brutal. Yet, our former Pres. Bush’s unprovoked, “*preemptive war of aggression*” is **morally unjustifiable**, which is precisely why **Big Brother** prohibits and eschews ethical debates on the matter! Hell’s Head Coach now rejoices as our current Pres. Obama and the **US Justice Department** are totally silent on the matter. When we deploy

another 50,000 young men and women to the Middle East, are they really protecting our *freedom* or protecting our *financial* interests in Iraq's oil? Explain. Hypothetically, IF US Army, Special Forces, Marines, mercenaries, etc., relentlessly ambush civilians in their homes – filling the streets with innocent blood – then will Heaven's Head Coach ultimately reward our troops with medals for patriotism and heroism on Judgment Day? IF our President and our Pentagon guarantee them immunity from prosecution for **war crimes**, then will God also excuse such savagery by US soldiers hiding behind "American interests"? Despite President Bush surreptitiously having supplanted the **Geneva Conventions** with the **Military Commissions Act**, is it incomprehensible to any President, Pentagon, Prime Minister, or even the Pope that Hell will be sufficiently hot for *everyone* who has earned the right to spend eternity therein? 'Tis an interesting moral anecdote to contemplate the next time you affix a "**Support Our Troops**" bumper sticker to your car. "*To the victor go the spoils,*" is quite true of warfare. Stated differently, had there been **no oil**: there would have been **no war**. Ergo, as the United States embarks upon Her Colonial Empire, will "God Bless America" or destroy Her in judgment? Why should God bless any country that has made it illegal to pray or study the Bible? "*Be not deceived, God is not mocked; for whatsoever a man soweth, that shall he also reap.*" **[Galatians 6:7]** One could argue that in his over-confident arrogance, Goliath mocked David. Likewise, in our own arrogance, dare we Americans to think that our **Goliath** is invincible? In a nation wherein "In God We Trust" has become a mere creed on the money upon which it is printed, do we also foolishly mock God? In the twenty-first century, are WE the People of the United States as spiritually blind as were the Philistine giant and the people who perished in the flood? *Bien sur!* Yet, in a nation wherein "In God We Trust" has become a mere creed on the money upon which it is printed, such spiritual blindness is normal. Is it not?

"The earth also was corrupt before God and the earth was filled with violence. And God looked upon the earth, and behold, it was corrupt; for all flesh had corrupted his way upon the earth. And God said unto Noah, The end of all flesh is come before me; for the earth is filled with violence through them; and behold, I will destroy them with the earth."

[Genesis 6:12 – 13]

The aggregate spoils of the United States' permanent occupation, colonization, and control of Iraq's oil can approach quadrillions of dollars – so the beat goes on! Yet, as the United States' irrefutably pugilistic government fulfills many **Biblical prophecies**, how soon will the **anti-Christ** manifest "666", the mark of

the beast, as he blasphemes God? Nonetheless, Christ is saying unto us, "My hour is not yet come. Know that these things are the beginning of sorrows and persecution for my name's sake. He who hath an ear, let him hear and let him get ready!"

"And he opened his mouth in blasphemy against God, to blaspheme His name, and His tabernacle, and them that dwell in Heaven. And it was given unto him to make war with the saints, and to overcome them: and power was given him over all kindreds, and tongues, and nations. And all that dwell upon the Earth shall worship him, whose names are not written in the BOOK of LIFE of the Lamb slain from the foundation of the world. If any man have an ear, let him hear."

[Revelation 13:6 – 9]

Verily, verily, I say unto thee, IF rather than our GI's committing unprecedented **war crimes** throughout the Middle East, we Americans would study the Scriptures, humble ourselves, repent, and turn from our wicked ways **[II Chronicles 7:14]**, then it is not too late for Almighty God to heal this wicked land. Yet, as **VICE** embarks upon its Biblically correct, rather than politically correct, discussions of the very powerful and very pugilistic Feminist Movement's and Gay Movement's position on BOB, gay marriage, gay adoptions, gender equality, homosexuality, etc., only the enlightened Biblical "remnant" will comprehend the profundity of the wisdom proffered herein. In this **Age of Feminism** it is especially important to declare unto single mothers that, with very few exceptions, children reared without a *virtuous* father in the home are more likely to become promiscuous or to be preyed upon by sexual predators. Thus, **VICE's** success is contingent upon at least an exiguous number of both men and women comprehending and embracing these moral truths. "In all thy getting," the Bible instructs mankind to get understanding. As a ministry of sexual healing, **VICE** entreats each of you to understand the sexual virtue requisite to protecting your progeny from the vices and moral mistakes you, your parents, as well as your grandparents made in the past. Indeed, all of us have sinned and fallen short of the glory of perfection in Christ Jesus. Yet, the Bible declares that Christ soon will return for His bride – a Church without spot or wrinkle. Why have we Americans unplugged our irons rather than having faced our many religious, political, and moral wrinkles adversely affecting us all? Just as our imaginary French friend is both hungry and thirsty, **VICE** hopes that you also are eager to satiate your *spiritual appetite* for God's Word and God's Will for your life! *Bon appétit!*

"Blessed are the poor in spirit for theirs is the kingdom of Heaven. Blessed are they that mourn for they shall be comforted. Blessed are the meek, for they shall inherit the Earth. Blessed are they which do hunger and thirst after righteousness for they shall be filled. Blessed are the merciful; for they shall obtain mercy. Blessed are the pure in heart; for they shall see God. Blessed are the peacemakers; for they shall be called the children of God. Blessed are they which are persecuted for righteousness' sake; for theirs is the kingdom of Heaven. Blessed are ye, when men shall revile you and persecute you, and shall say all manner of evil against you falsely, for my sake. Rejoice and be exceedingly glad; for great is your reward in Heaven: for so persecuted they the prophets which were before you."

[Matthew 5:3 – 12]

ESSAY QUESTIONS: FOR TEENAGERS

How well did you do on this **IQ EXAM**? If you got all twenty-five questions correct, then kudos to you for perfection! However, IF you missed a few of them, then rest assured that you are as normal as the rest of us. It is far more important to discern the correct answers by reading the erotic parable again rather than to lament having gotten several of them wrong. **VICE** encourages both teenagers and grown men to revisit these erotic parables posted our website or in your workbook at least once annually to better discern your sexual maturity and your sexual wisdom. As you progress through high school, college, or even middle age, Satan is *unrelenting* in his attempt to supplant your sexual virtue with myriad sexual vices.

Inconsequential to any thorn in your flesh, sexual healing is possible for those relentlessly seeking **victory in Christ!** Once you guys comfortably can discuss and discern *why* the correct answers are demonstrative of what specifically was stated [or not stated] in the parable, then answer **VICE's** more challenging and convoluted **Essay Questions** we call **Junior's Penis Parables**. Relative to the antecedent father son discussion about male masturbation and puberty, each essay question is tantamount to Junior's consequent sexual behavior. Rather than men behaving like Junior's grandfather, **VICE's** modus operandi is that adults and adolescents alike will become more comfortable being *completely candid* in the father son dyad about the virtues and the vices surrounding human sexuality.

VICE strongly believes that teenagers are society's best "*Police against Pedophilia*." Why? Two important reasons would be: 1) you are more technologically sophisticated than is the average parent and 2) you are listening, watching, exploring, and discussing sexuality more candidly than are most parents. Ergo, in addition to your *candid* discussion of each essay question, **VICE** encourages mature high school and college students [at least 18 years old] to use your digital camera, cell phone, or other PDA to create a short, educational video. Try capturing each essay's plot with your peers directing, acting, and speaking the scripts you have written! **Needless to say, you should remain fully clothed and merely mimic or simulate any sexual or erotic actions in recreating the parable's plot for educational purposes!** Since this *could* be the most enlightening component of **VICE's** ministry of sexual healing, be creative as you read the essay questions and exchange ideas with your **pubescent peers**. Try *not* to ask your parents, pastors, teachers, coaches, or other adults for their input on the *creative* side of this project! Why? Unlike Junior's Dad, your father and virtually all adult males in your family may be hiding behind a jock's creed or some other "fig leaf" of *secrecy* or *shame* regarding something very similar to one of these vignettes! Thus, please respect and protect their **privacy** via using your own minds to interpret each "penis parable" while creating a video to educate your pubescent peers. By all means, share your project with your siblings and especially your parents – once your video is completed! During puberty, what you don't know about that pistol in your pocket *can* hurt you. For example, the music industry, the movie industry, and the entertainment industry all glamorize gratuitous sex. Yet, millions of Americans now in their forties and fifties lament the **hedonistic** lifestyle they enjoyed when they were your age. Like Junior's Army dad, **VICE** endorses **masturbation** and **abstinence** via admonishing adolescent males to use the safety on your "*pistols*" in order to protect yourselves from premature fatherhood and sexually transmitted diseases!

Assuming that you have read the entire Bible, did you find a single passage of Scripture in the Bible whereby God declared *masturbation* to be a sin? Neither did we! So, perhaps, jerking off is both physically pragmatic and emotionally healthy. For an exiguous number of spiritually enlightened males, masturbation also can be an ineffably spiritual expression of virility – affirming your **sexual purity** and self-control rather than any sexual lust! Upon your perusal of these essay questions, by all means, talk to your parents, pastors, students, and friends in your neighborhood about male and female sexuality. For example, how do you feel about a fifteen year old **virgin**? How do you feel about a twenty-five year old virgin? How do you feel about a fifteen year old having a baby? How do you feel about a twenty-five year old having three bastards with three different fathers? How do you feel about a twenty-five year old teacher having a bastard

child with his fifteen year old student? IF you know anyone at school who has experienced any form of molestation or sexual abuse, please encourage them to discuss it with a teacher, guidance counselor, school nurse, security specialist, or administrator, etc., who should report the **predator** or the **perpetrator** to the proper authorities! Sexual knowledge is sexual power! As the Word of God declares, "*Ye shall know the truth and the truth shall make you free!*" Thus, each essay question compels young people to think outside the box as you analyze them and reenact them. Additionally, we proffer a GLOSSARY at the end of this workbook for further reading, research, discussion, and enlightenment. Unabashedly, **VICE** commends youth participation in our *unorthodox* Christian ministry of sexual healing. Why? **You** may be the personal hero who saves another naïve child from being seduced or **sexually molested!** Shall we begin?

JUNIOR'S PENIS PARABLE # I

Three months after Junior's initial lesson in sex education, he spent Thanksgiving weekend with his Mom, whose sister was visiting with her family. At his mother's 3/2 townhouse, his aunt and uncle had the guest bedroom so Junior had to share his room with a fourteen year old cousin he barely knew. The boys mutually enjoyed talking about their favorite NBA stars and competing in video games with either sports or military plots. Since they seldom visited each other, the sisters headed straight to the mall while Junior's uncle took the boys to an amusement park where they spent the entire afternoon playing putt-putt golf, eating junk food, and riding go-carts. Beginning to like each other, that night Junior's cousin challenged him to a wrestling match. Despite being almost two years younger, Junior was no push-over and consented to seeing which one of them was the stronger athlete. As they grappled, both boys sensed the other's **erection** as each tried to pin his opponent on his back. Junior was proud that he actually pinned his cousin once during their three tight matches before both cousins lay exhausted on the floor. Once showered and settled in bed, Junior placed his hand inside the waistband of his underwear to sleep in his usual fetal position while holding his **family jewels**. During the night, his older cousin... Following that weekend trip, Junior called his aunt and uncle more often but spoke to their son much longer than he talked to either of them. His cousin even thanked him for the sock, which was Junior's way of showing appreciation to the first guy with whom he ever had **messed around**. Understandably, the Army officer was pleased that his son was bonding with his new cousin and arranged for Junior to spend his two-week Christmas holiday with his

aunt and uncle. This plan also would give Dad a rare opportunity to prepare romantic dinners at home and to entertain his steady girlfriend overnight. He especially looked forward to their walking around the house naked and to their having wild and hot sex while watching **pornography** together! Meanwhile, Junior hardly could wait to hang out with his now favorite cousin again and to enjoy more **homoerotic** male bonding! In this context, was the military father's lesson or demonstration of masturbation tantamount to child molestation, incest, or a deterrent that prevented Junior from possibly being molested by his older cousin? Explain.

JUNIOR'S PENIS PARABLE # II

Three months after Junior's initial lesson in sex education, the new priest at his parochial school asked if Junior wanted to become an altar boy. He wasn't Catholic but his father liked the excellent academics and the "no nonsense" discipline policy this particular Catholic school offered. Of course, most of his friends enrolled their sons in military prep schools. Yet, Junior's father did not want his son to think he had to follow in his footsteps. There never were any fights to speak of and many former students went on to graduate from Ivy League universities. Since this particular Catholic school did not accept Protestant pupils, Junior was a student in this priest's Bible class and Catechism class for converts. Unbeknown to the father, only Catholic youths who have been baptized can legitimately become altar boys. So, the priest never should have asked Junior to become an altar boy in the first place! Junior's dad was not at all enthused about this after-school activity; but he relented via his son's adulation over such an honor. Less than two weeks later, however, the priest exposed himself and **fondled** Junior when the two of them were away from the other boys. Junior pushed the priest away and told his father what happened as soon as he got home! Junior's dad impulsively grabbed one of his pistols and jumped in his SUV to confront the **pedophile**. However, he cooled down prior to arriving at the parish and drove to the police station instead to report the incident. That priest, who eventually confessed to having molested nearly sixty boys, now is in prison. By the way, like his Dad, Junior doesn't go to church anymore either.

As soon as school was out, this Army dad sent his son off to summer camp. Once again, Junior looked forward to some more of the same fun and same friends he had last summer at the lake! At camp, the boys

enjoyed football, basketball, swimming, hiking, and countless other outdoor activities. One of the camp counselors in his mid-twenties had a strange habit of showering with the boys, slapping their butts with his towel, and sometimes getting an **erection** in front of them! Despite his being a former collegiate football jock, Junior intuitively sensed this kind of horseplay in the boy's locker room was weird... Two other naïve boys, however, eventually were **seduced** and were **sodomized** by this handsome counselor, primarily via a natural curiosity about seeing a grown man's hard penis. Because the jock counselor threatened to take them out on the lake and to drown them if ever they told anyone, both naïve and fatherless boys kept their little secret all summer. Despite having repeated his sneaky, slow seduction of young campers each of the four summers he worked there, amazingly, this very popular **sexual predator** never got in trouble because none of his victims of **child molestation** dared to report him...

JUNIOR'S PENIS PARABLE # IV

Three months after Junior's initial lesson in sex education, school was out and his dad arranged a camping trip to Yosemite with one of his buddies. Junior was one of three boys accompanied by their dads on this weeklong trip. In their private tent, these three young musketeers watched DVDs, listened to music they had downloaded, played video games, and messed around late at night – i.e., your typical **sword fights** with their underwear still on, **circle jerks**, and **strip poker**, etc. Junior proudly taught his comrades for the week how to unload in a sock instead of in their underwear or in their sleeping bags. One night, the two brothers decided to play a practical joke on Junior. While he slept, they stealthily placed his hand in a pail of warm water, which naturally caused Junior to **urinate** all over himself and his sleeping bag! The next morning, while the two boys' father laughed heartily, Junior's dad was not amused. He had to wash the bag in a nearby stream. Then the Army dad popped the tailgate to his SUV and used it as a clothesline for drying his son's sleeping bag. Although Junior never knew that such a prank could make anyone actually pee on himself, he was more amused than upset by the practical joke. Yet, determined to get even, Junior replaced chewing gum squares with a white, chewable laxative that looked almost identical to the gum. Rather than to try anything that day, especially since these brothers cautiously were on the defensive against retaliation, Junior waited until they all were settled in their tent for the night to implement his scheme. The boys all joked about how much fun they had earlier in the day while playing video games on their individual hand held gadgets. Junior pulled out his gum and started chewing it without making a big deal about it. When the fifteen year old demanded to know why he wasn't sharing, Junior said he only had

enough to last for himself for the rest of their camping trip. Well, that *trap* played out perfectly as the older teenager snatched the “gum” out of Junior’s hand and helped himself to four of the white chewable laxatives! For a while, everything seemed normal as the three musketeers continued playing their video games. In about fifteen minutes, however, Junior’s victim had to dash out of the tent in only his underwear to find a tree – posthaste! In his haste, he forgot to bring the needed toilet paper and yelled back toward the camp for assistance. In response to the commotion, both Army officers got up quickly to investigate and ultimately had the younger brother deliver the “t.p.” to the musketeer stranded by a tree. After getting to the bottom of the matter, both men congratulated Junior for executing such a brilliant scheme to settle the score!

Having hugged the three boys good night and having insured that they were settled in, these Army officers returned to their tent to resume more horseplay and male bonding of their own. Beyond small talk about Monday night football and who may win the Super Bowl, these close pals discussed marriage, divorce, college funds for their sons, the savagery of US torture and occupation in Iraq, their plans after retirement, etc. Both men planned to stay in touch and to start consulting firms once they returned to civilian life. Junior’s father definitely had become closer to this particular officer than to any of his fraternity brothers. Unlike his frat brothers or most of the jocks he had known most of his life, this pal didn’t drink or smoke. Although they didn’t attend church, both officers studied the Bible and tried to be good role models. These dads also liked football, working out together, and spending quality time with their sons. More importantly, however, both fathers and Army buddies mutually were cognizant of the *toughness* and the *tenderness* requisite to being a “real man” without hiding behind any **homophobic** fig leaf or false bravado. In the context of becoming better fathers, mentors, brothers, sons, coaches, etc., they often removed their fig leaves in order to expose and to explore the **A’s** and **F’s** on their respective report cards. As career officers, both men lamented how the Army had changed since they first enlisted, particularly in terms of how subversive **feminism** had become to male authority and to male bonding. As former **Eagle Scouts**, both men appreciated the **Boy Scouts of America’s** refusal to acquiesce to political pressure and lawsuits from atheists, feminists, the ACLU, and homosexuals. In a nation wherein “In God We Trust” has become a mere creed on the money upon which it is printed, **Boy Scouts** is among an exiguous and ever-diminishing number of Biblically correct youth organizations...
